SUBJECT: US Army Garrison, Stuttgart and US Army Garrison, Garmisch, Environmental Policy

“THIS MEMORANDUM IS IN EFFECT UNTIL SUPERSEDED”

1. **PURPOSE:** The US Army Garrison, Stuttgart and US Army Garrison, Garmisch have core activities of maintaining real property and providing repairs, utilities, cleaning, disposal, customer service, and environmental program execution to enhance mission readiness. Stuttgart and Garmisch environmental management system will drive gradual environmental improvement, minimize pollution, and ensure continuous compliance to all environmental regulatory requirements, Final Governing Standards (FGS) and US Army requirements.
2. **APPLICATION:** This policy statement applies to all civilian and military personnel, all host and tenant organizations, and contractor personnel assigned to or working at these Garrisons.
3. **POLICY FORMULATION:** The mission of the Garrison is to support tenant units in accomplishing their mission by operating, maintaining, and repairing the infrastructure and facilities within the Garrison. In addition, the Environmental Management office develops and manages the environmental programs within the Garrison to meet its stewardship responsibility to protect and conserve the environment. To accomplish this mission we commit to:
 - a. Actively seek opportunities to continually improve the Garrisons' environmental program. Ensure that a commitment to continual improvement is demonstrated through a proactive preventive and corrective action program.
 - b. Identify and address pollution prevention opportunities within the operations and services being conducted at the Garrison.
 - c. Comply with all applicable environmental policy, laws, and regulations
 - d. Continually assess Garrison activities and services to determine their impact on the environment. Identify significant environmental impacts and ensure they are controlled and reduced when appropriate.
